Enough To Share is an inspiring story that sheds light on issues of deforestation, pollution, and climate change.

Step into the misty woods and rocky shores of the Great Bear Rainforest, where two rare animals—Spirit Bear and Sea Wolf—have lived side by side for thousands of years.

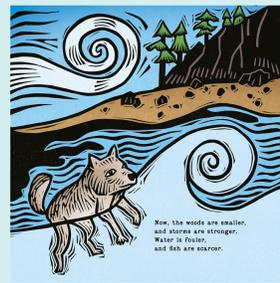

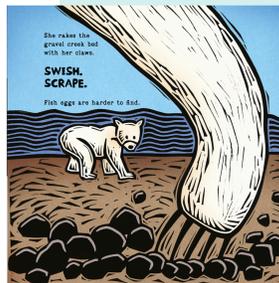

But now their world is changing. As climate change warms the land and sea, food becomes scarce, and these two powerful creatures must learn to share what little remains.

“I loved this book and recommend sharing it with your children because it is a roadmap to a more environmentally conscious future by inspiring them to take action and protect our planet.”

Butterfly Sea reminds us that even the smallest wings can carry the biggest memories.

Butterfly Sea captures the gentle push-and-pull between sibling playfulness and quiet reflection. As an older sister tries to photograph butterflies, her imaginative younger sibling trails behind, full of curiosity, laughter, and play.

“A sweet tale of childhood with lovely images.”

—*Kirkus Reviews*

“The language is poetic, and the soft, soothing pen-and-watercolor illustrations honor both the spirit of the sisters’ play and the beauty of the beach-adjacent setting.”

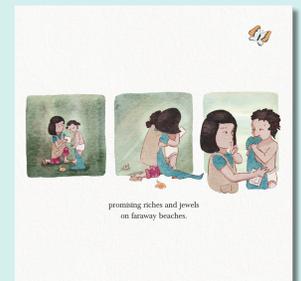

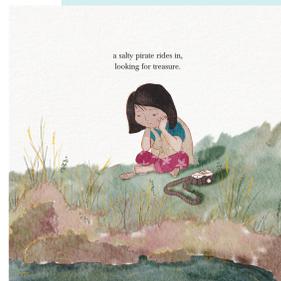

—*Foreword Reviews*

“Cynthia uses age-appropriate language, so the work can also be used to teach children new vocabulary and details about other insects and types of flowers. I also loved the theme of patience and kindness, which is emphasized in the work.

and the Sea Life Trust.**

Tielmour
Press

www.tielmourpress.com

When Felix carelessly tosses his trash into the sea, he thinks nothing of it. That is, until he is warned about the dire consequences!

But Felix doesn't listen, and the sea disappears! Can one boy undo the damage and restore the sea before it's too late?

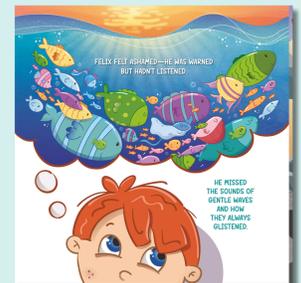

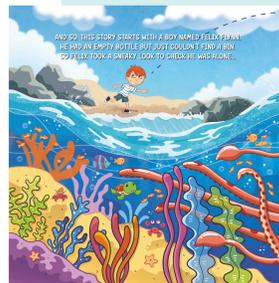

When the Sea Left is a powerful, visually rich picture book that teaches kids the impact of their actions—and the hope that even one small person can make a big difference. Perfect for classroom discussions about taking care of the environment and bedtime inspiration.

“One of the most important lessons is that every action, no matter how small, can significantly impact our environment, making it ideal for helping children understand that every action has consequences. The story emphasizes the importance of the sea, inspiring children to take care of both the ocean and our environment.”

Fungi Are...

More than Mushrooms

Publishing:

March 15th, 2025

Written by Alisha Gabriel

Illustrated by Vivien Sarkany

ISBN: 978-1-9984260-8-9

Format: Hardcover

Type: Picture Book

Pages: 36

Retail: \$22.99 CAD / \$19.99 US

Ages: 3-8

Themes: Ecosystems; Nature;
Mushrooms and Fungi

Sales from this book support reforestation and the Central Texas Mycological Society.

From single-celled, microscopic yeasts to massive mushrooms, fungi are essential to life on our planet yet often overlooked.

Learn about the hidden world of fungi in this beautifully earthy non-fiction picture book!

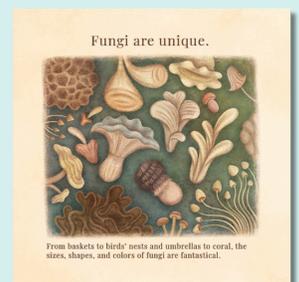

Discover how spores disperse, fungi grow, animals find food, bees heal themselves, and trees communicate, all thanks to this fascinating kingdom. With straightforward, lyrical explanations, readers will gain insight into how fungi impact our planet and the interconnectedness of nature.

“With its mesmerizing illustrations and insight, this book inspires readers to venture into the great outdoors and discover and identify the fungi that grow around them. Whether you’re interested in nature and microorganisms, a parent or a grandparent seeking to introduce a child or anyone to the wonders of nature, this book shows them exactly what fungi are and more.”

Ages: 5-10

Themes: Animal Rescue; Super Heroes; Humour

Sales from this book support reforestation across North America.

The city has a new protector, and he's NEIGH KID!

Join in and read one of the most incredible adventures ever told about a boy who goes through an astonishing transformation to become the superhero we all need!

In Neigh Kid's debut adventure, a young, unassuming boy dons his horse mask and cape (it's actually a towel) and sets off into the night to keep the city safe. His mission? To rescue his beloved cat, who has escaped into the moonlit streets.

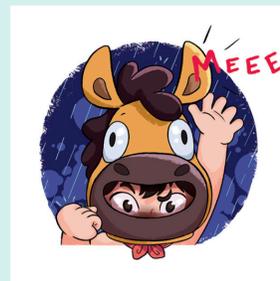

"A fast-paced, giggle-inducing adventure for kids." —*Kirkus Reviews*

"I recommend this delightful book to all young readers who adore superheroes and wish they could become one. I am sure that this story will make them laugh out loud. Neigh Kid is a must-read." —*Readers' Favorite 5-Star Review*

and Reading Is
Fundamental (SoCal).

Award-winning author Raven Howell's story will help young readers to appreciate wildlife and the natural environment.

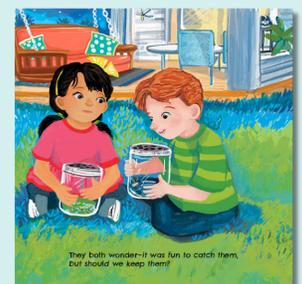

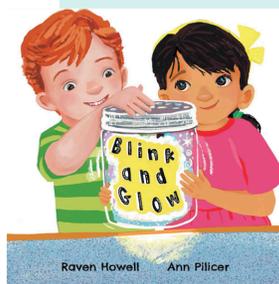

Lilly and Leo think it's super to catch fireflies and sala manders – and even more exciting as they plan to bring their glowing nature finds to show and tell the next day. That is, until Grandma's words of wisdom, guiding the children to observe the free-flying luna moth, teach them respect for the freedom and light of the beautiful natural life surrounding them.

Blink and Glow is a unique story with a gentle, thought-provoking message about considerations towards freedom and respect for nature.

“Blink and Glow is a fun-filled picture book with a gentle message about environment and wildlife conservation. In a few pages, author Raven Howell has built an immensely imaginative world filled with a vibrant ecosystem, and you can't help but immerse yourself in this wondrous setting.” —Readers' Favorite 5-Star Review

A heartfelt story that takes readers on a lyrical journey through the eyes of a child coping with school refusal.

“No School, My Rules!” is an imaginative and engaging story that takes readers on a delightful journey through the eyes of a child who questions the need for school. With playful comparisons to the effortless lives of birds, sandcastles, and even trees, this tale humorously explores the idea of a world without school.

“No School, My Rules! by Stephanie Henson, takes the real-life challenges that young students face and helps them to see the benefits they will reap by staying in school. Highly recommended.”

Sales from this book support reforestation and the Children's Hospital of Eastern Ontario

A one-of-a-kind STEM story that's both hilarious and unique in all of the best ways! Meet Kathi Q.!

Kathi loves to tinker and make new machines, but what happens when she tries to make a TIME MACHINE? Things get a little... Upside down!

A one-of-a-kind fiction story with STEM-related themes, brilliant illustrations, and an ending that will leave readers of all ages wanting more of Kathi Q!

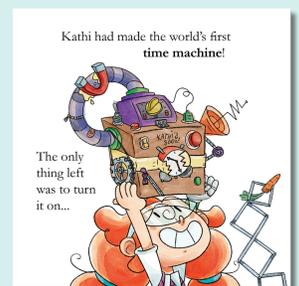

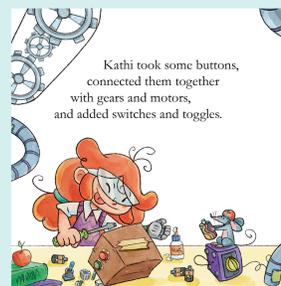

This story also has representation for children with disabilities (specifically, amputees).

“The incorporation of science, technology, engineering, and math themes adds an educational element to the story, making it an excellent choice for those interested in these fields.”

Backlist Titles

Isaac and the Boulder **Jo-ann Scranton / Mai Tran**

ISBN: 978-1-7380138-5-2

Paperback - \$11.99 CAD

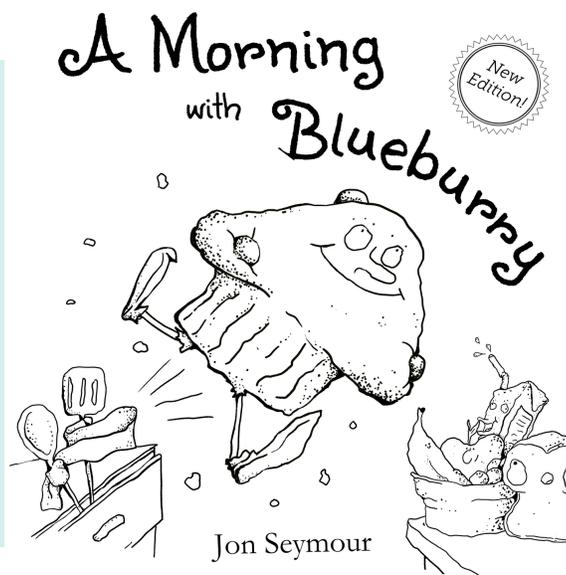

A warm-hearted, vibrantly illustrated children's picture book that highlights the importance of determination and never giving up. ISAAC AND THE BOULDER is more than a story; it's an invitation to embrace challenges and celebrate the journey, no matter how big or small.

A Morning with Blueburry **Jon Seymour**

ISBN: 978-1-7380138-0-7

Paperback - \$12.99 CAD

A MORNING WITH BLUEBERRY is a fun and silly adventure of a muffin trying to overcome challenging obstacles to achieve a goal. Paired with even sillier, low-impact illustrations, this book will allow a child's imagination to 'launch through the air' while also hinting at the importance of perseverance, creative problem-solving, and most importantly— believing in oneself.
